# ABOUT

## Smt. Mithibai Motiram Kundnani College of Commerce and Economics (Autonomous), Mumbai

(Estd. 1961, Affiliated to the University of Mumbai, Reaccredited "A" Grade by NAAC, 4th Cycle- September-2024)  
[www.mmk.edu.in](http://www.mmk.edu.in)

Smt. M.M.K. College of Commerce and Economics (Autonomous), Mumbai established in 1961, is a premier institution under the aegis of the Hyderabad (Sind) National Collegiate Board (HSNC Board), Mumbai. The college is NAAC Reaccredited with 'A' Grade (4th Cycle, September, 2024) and offers undergraduate, postgraduate and Ph.D. programmes in commerce and Accountancy. College has first Accountancy Museum in Mumbai. The Institution caters to over 3,500 students and emphasizes learner centric pedagogy, research orientation, industry engagement and ethical values. It houses a recognized PhD research centre in commerce, focusing on Business Policy & Administration and Accountancy and actively promotes academic excellence through conference, workshops, FDPs and outreach activities.

## H & G H Mansukhani Institute of Management (HGHMIM), Ulhasnagar

(Affiliated to the University of Mumbai | Approved by AICTE)  
[www.hsncmim.in](http://www.hsncmim.in)

H & G H Mansukhani Institute of Management (HGHMIM), established in 2005, is a postgraduate management institute affiliated with the University of Mumbai and approved by the All-India Council for Technical Education (AICTE). The institute offers the Master of Management Studies (MMS) programme with specializations in Finance, Marketing, Human Resources, Operations, and Systems, and also supports doctoral (Ph.D.) programmes in Management. HGHMIM focuses on developing competent management professionals through academic rigor, skill-based learning, industry interaction, and research initiatives. The institute provides modern academic infrastructure and maintains strong industry-academia linkages through internships, seminars, guest lectures, and placement support.

## Inspira Research Association-IRA, Jaipur, Rajasthan, India

(A leading registered organization for Research Development & Advancement)  
[www.inspirajournals.com](http://www.inspirajournals.com)

The Inspira Research Association-IRA, Jaipur, India is a registered leading organization of academicians, professionals and researchers for research development and advancements, established in 2011. The IRA provides support and services to educate professionals and researchers around the world, especially those from the developing countries. Inspira Research Association (IRA) is an association of professors, directors, managers, academicians, researchers and students from various fields, including commerce, management, economics, public administration, social science, computer science, political science, education and information technology etc. The Association has been organizing National and International Conferences, Seminars, Workshops, Webinars, FDP's and Live Sessions regularly with certain special features such as availability of complete recording of the academic programmes at IRA Youtube channel, opportunity to publish papers in National and International journals and in ISBN Books & Conference Proceedings with ISBN in addition to paper presentation in the conference, etc.

## ABOUT THE CONFERENCE

“Viksit Bharat” refers to India’s ambitious plan to become a developed country by 2047, with a high priority on advancing science and technology in a variety of fields to accomplish this goal. This includes encouraging domestic innovation, concentrating on research and development, and applying science to national issues like healthcare, sustainability, and economic growth. In other words, the goal is to make India a global leader in scientific innovation. “Indigenous Technologies for Viksit Bharat” is the topic for National Science Day 2024, and it focuses on encouraging public awareness for the nation’s accomplishments in science, technology, and innovation in order to address issues using domestically developed technologies for overall development. Thus, let’s highlight some of the accomplishments our nation has accomplished in these areas over the past several years. The phrase “Make in India” is at the top of the list. Our some of exemplary accomplished including India’s Indian Space Research Organisation (ISRO) has developed a range of indigenous space technologies, including satellites, launch vehicles, and spacecraft. India’s Defence Research and Development Organisation (DRDO) has developed a range of indigenous defence technologies, including missiles, aircraft, and naval vessels. Indian Railways has developed a range of indigenous locomotives that are designed to operate in India’s unique climate and terrain. More than 2 billion people were vaccinated thanks to the Covid-19 vaccine and the start of the biggest immunization campaign in history. It was believed that only a successful vaccination could prevent widespread fatalities and devastation during the global pandemic in 2020. Through Viksit Bharat India can become independent country and could be able to supply various technology and research ideas to outside Indian countries. This vision encompasses research in diverse fields like healthcare, agriculture, renewable energy, artificial intelligence, space technology, and more, with a focus on developing indigenous technologies to address India’s specific needs.

## OBJECTIVES OF THE CONFERENCE

- To be aware of the 21st century technologies to the locals, students, researchers, and masses.
- To enhance and promote science and technology and the study of environmental conditions, promote to students, scientists, researchers, academicians, and members of the academy pursuing research on environment and allied areas in reference to the Viksit Bharat.
- To motivate and prepare young minds on smart energy and environmental sustainability at the regional/state level, which will be dissemination of information around local communities.
- Highlight the best practices of current technological expertise and applications to improve sustainability and its alignment with SDG (Good Health & Wellbeing), SDG 6 (Clean Water and Sanitation), SDG 7 (Affordable and Clean Energy), SDG 11 (Sustainable Cities and Communities) and SDG 13 (Climate Action)
- To develop out of box sustainable ideas through research and disseminate knowledge amongst students, scholars, and academicians.
- To identify potential areas for future sustainability and develop future road map.
